\* Terms and Conditions Apply

Hong Kong Institute of Construction (HKIC) was established by Construction Industry Council (CIC) in 2018. It has more than 45 years of training experience in Hong Kong and has committed to nurturing professionals for the construction industry. Since its establishment, HKIC is devoted to conduct programme validations under the Qualification Framework, and incorporate innovative technological elements to the training programmes. We aim to equip students with the knowledge of new technologies to enhance the industry's productivity and quality.

The establishment of HKIC marks a significant milestone for the professional development of Hong Kong construction training. HKIC offers training programmes in full-time and part-time modes. Part-time programmes aims to further enhance the skills and management know-how of the practitioners in the construction industry.

## Motto

To dedicate • To excel

## Vision

To nurture an accomplished construction workforce with sound professional skills, theoretical knowledge, safety awareness, innovative ideas, passion and pride for the construction industry of Hong Kong.

## Mission

- To provide training in construction and management skills based on whole person education and construction site practices;
- To promote a culture of work safety and sustainability for the construction industry;
- To foster a culture of career dedication and pursuit of excellence for the construction industry; and
- To build up a healthy and caring image of the construction industry.
